Mobile First

- Em 2009...
 - Mobile está explodindo (já explodiu!)
 - Mobile te força a focar nos dados e ações mais importantes
 - Mobile amplia suas capacidades

Mobile First

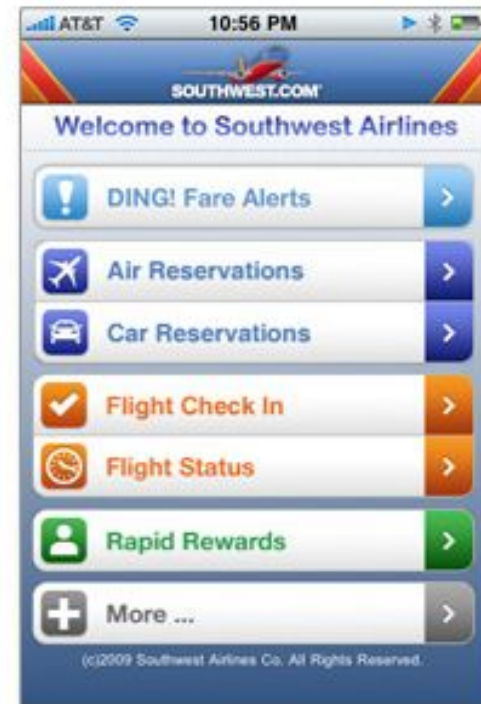

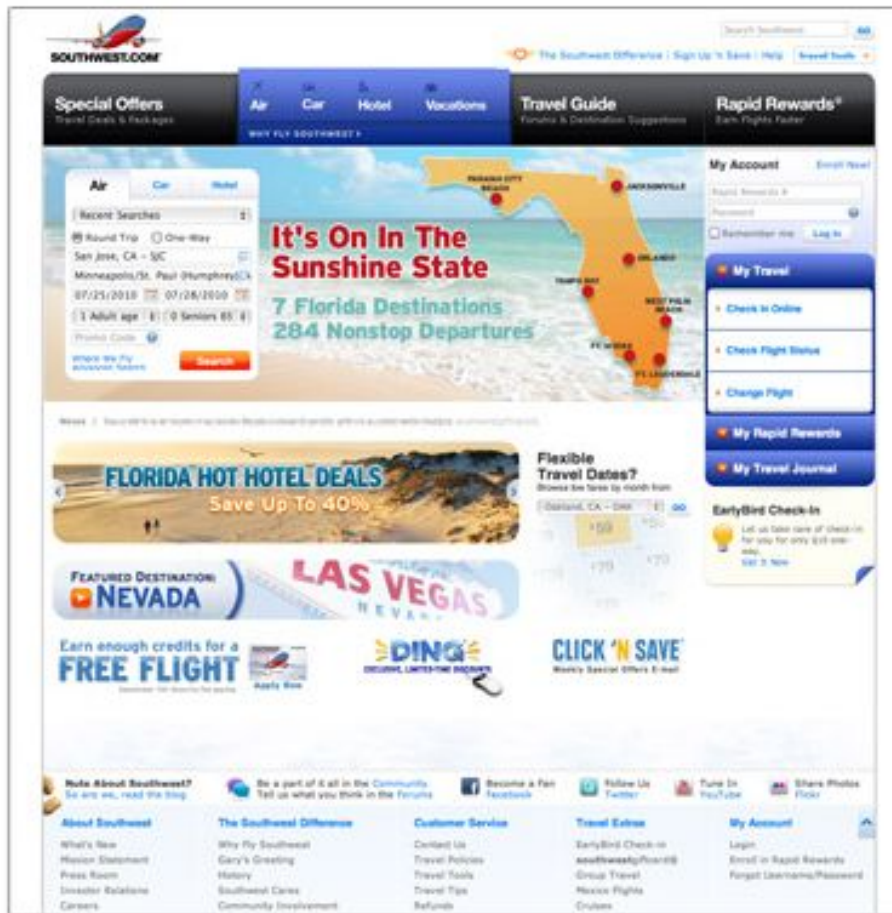

- Em 2010...
 - *When you are working with a 320x480 pixel screen (iPhone, Palm Pre, first generation Android phones), 80% of the screen space you had at 1024x768 is gone. That means 80% of the content, navigation, promotions, and interactions needs to go. And that's... great.*
